The diagrams are arranged in a grid as follows:

- Row 1:**
  - Diagram 1: A square with a top row of 4 and B. Below 4 is a white square 1. To the left of 1 is a vertical bar 3. To the right of 1 is a vertical bar 5. Below 1 is a white square 2. At the bottom right is a small white square A.
  - Diagram 2: A square with a top row of 4 and 6. Below 4 is a white square 3. To the right of 3 is a white square 1. Below 1 is a white square 2. Below 2 is a large white square 5.
  - Diagram 3: A square with a top row of D. Below D is a white square A. To the right of A is a white square C. Below A is a white square B. Below B is a diagonal line from top-left to bottom-right, labeled 1. Below the diagonal is a white square 2. To the left of the diagonal is a vertical bar labeled last. Below the diagonal is a white square 2.
  - Diagram 4: A square with a top row of 2 and 1. Below 2 is a vertical bar 3. To the right of 1 is a diagonal line from top-right to bottom-left, labeled 1. Below the diagonal is a white square 2.
  - Diagram 5: A square with a top row of 1 and 2. Below 1 is a white square A. To the right of A is a white square C. Below A is a white square B. Below B is a large white square labeled last.
- Row 2:**
  - Diagram 6: A square with a top row of 3. Below 3 is a white square 2. To the right of 2 is a vertical bar 1. To the right of 1 is a white square 2.
  - Diagram 7: A square with a top row of 2, 1, 2. Below this is a horizontal bar 3. Below 3 is a vertical bar 1. To the right of 1 is a vertical bar 2.
  - Diagram 8: A square with a top row of 1 and 3. Below 1 is a white square 3. To the right of 3 is a vertical bar 3. Below 3 is a white square 2. To the right of 2 is a vertical bar 3.
  - Diagram 9: A square with a top row of 1. Below 1 is a white square 2. To the right of 2 is a vertical bar 3. Below 2 is a white square 4. To the right of 4 is a white square 5.
- Row 3:**
  - Diagram 10: A square with a top row of 6. Below 6 is a white square 4. To the right of 4 is a white square 5. Below 4 is a white square 2. To the right of 2 is a white square 3. Below 2 is a white square 1. To the left of 1 is a vertical bar 7. To the right of 1 is a vertical bar 7. At the bottom left and right are white squares 8.
  - Diagram 11: A square with a top row of A and 2. Below A is a white square B. To the right of B is a white square 4. Below B is a white square A. To the right of 4 is a white square 1. Below 1 is a white square 2. To the right of 2 is a vertical bar 3.
  - Diagram 12: A square with a top row of 2. Below 2 is a white square 1. To the right of 1 is a white square 3. Below 1 is a white square 2. To the right of 2 is a vertical bar 3.
  - Diagram 13: A square with a top row of 1 and 2. Below 1 is a white square 3. To the right of 3 is a white square 2. Below 1 is a white square 4. To the right of 4 is a white square 4. Below 4 is a white square B. To the right of B is a white square A. To the right of A is a white square B.
  - Diagram 14: A square with a top row of 1 and 2. Below 1 is a horizontal bar 3. Below 3 is a white square 4. To the right of 4 is a vertical bar 5. Below 4 is a large white square 6.
- Row 4:**
  - Diagram 15: A square with a top row of 3. Below 3 is a white square 2. To the right of 2 is a diagonal line from top-left to bottom-right, labeled 1. Below the diagonal is a white square 2. Below 2 is a horizontal bar 3.
- Row 5:**
  - Diagram 16: A vertical bar.
  - Diagram 17: A square with a top row of 1 and 3. Below 1 is a white square 2. To the right of 2 is a white square 3. Below 2 is a white square C. To the right of C is a white square A. Below C is a white square B. Below B is a large white square labeled last.
  - Diagram 18: A square with a top row of 1. Below 1 is a white square 2. Below 2 is a horizontal bar 3. Below 3 is a white square 4. Below 4 is a white square 5. To the right of 5 is a vertical bar 6.
  - Diagram 19: A square with a top row of 2 and 1. Below 2 is a horizontal bar 3. Below 3 is a white square 4. To the right of 4 is a vertical bar 5.
  - Diagram 20: A square with a top row of 3 and 2. Below 3 is a white square A. To the right of A is a white square C. Below A is a white square B. Below B is a large white square labeled last.
- Row 6:**
  - Diagram 21: A square with a top row of 7. Below 7 is a white square 5. Below 5 is a white square 2. To the right of 2 is a white square 3. Below 2 is a white square 1. To the right of 1 is a white square 3. Below 1 is a white square 4. To the left of 4 is a vertical bar 6.
  - Diagram 22: A square with a top row of 3. Below 3 is a white square 2. To the right of 2 is a diagonal line from top-left to bottom-right, labeled 1. Below the diagonal is a white square 2.
  - Diagram 23: A square with a top row of 3 and 4. Below 3 is a white square 2. To the right of 2 is a white square 1. To the right of 1 is a white square 2. Below 2 is a horizontal bar C. Below C is a white square B. To the right of B is a white square A. To the right of A is a white square B. Below B is a horizontal bar C.
  - Diagram 24: A square with a top row of 4. Below 4 is a white square 3. To the right of 3 is a white square 1. Below 3 is a white square 2. To the right of 2 is a vertical bar 6. Below 2 is a white square 5.
  - Diagram 25: A square with a top row of 4. Below 4 is a white square 3. To the right of 3 is a white square 1. Below 3 is a white square 2. To the right of 2 is a vertical bar 5. Below 2 is a white square 2.
